

LEAVE SOMETHING WITCHY.

The True Story of the Manson Family
• A Graphic Novel by Randolph Gentile

ONE MAN AND THREE WOMEN...

...each of them members of what would come to be known as The Manson Family, stood outside of the main gate at 10050 Cielo Drive. On the other side of the gate sat a beautiful ranch style home overlooking Beverly Hills.

They knew no one that lived there, but knew they had to go inside.

The man, Tex Watson, had a plan that was hatched a short time prior to their arrival. The girls, Susan Atkins, Patricia Krenwinkel, and Linda Kasabian, had no idea what that plan was, but were instructed to do what Tex said.

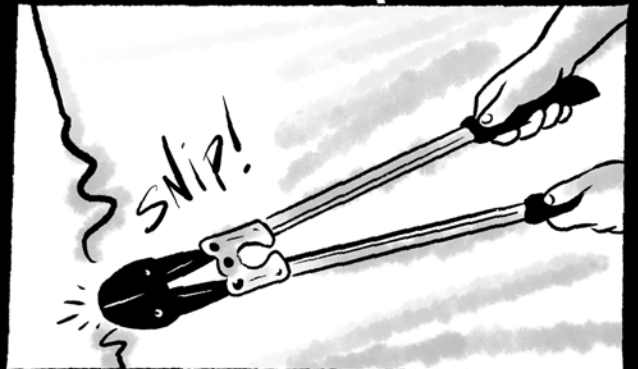

Underneath it all, like a wound beneath a scab, was "Helter Skelter".

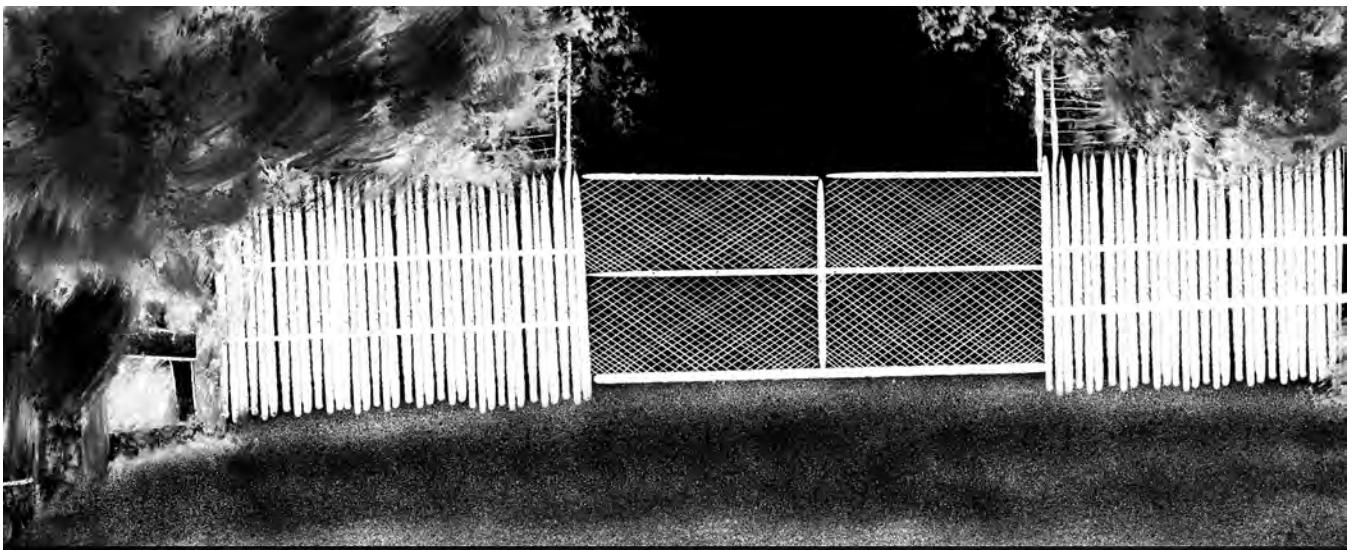

Helter Skelter would be an apocalyptic race war between the blacks and the whites and when it ended, their leader, Charles Manson would rule the world.

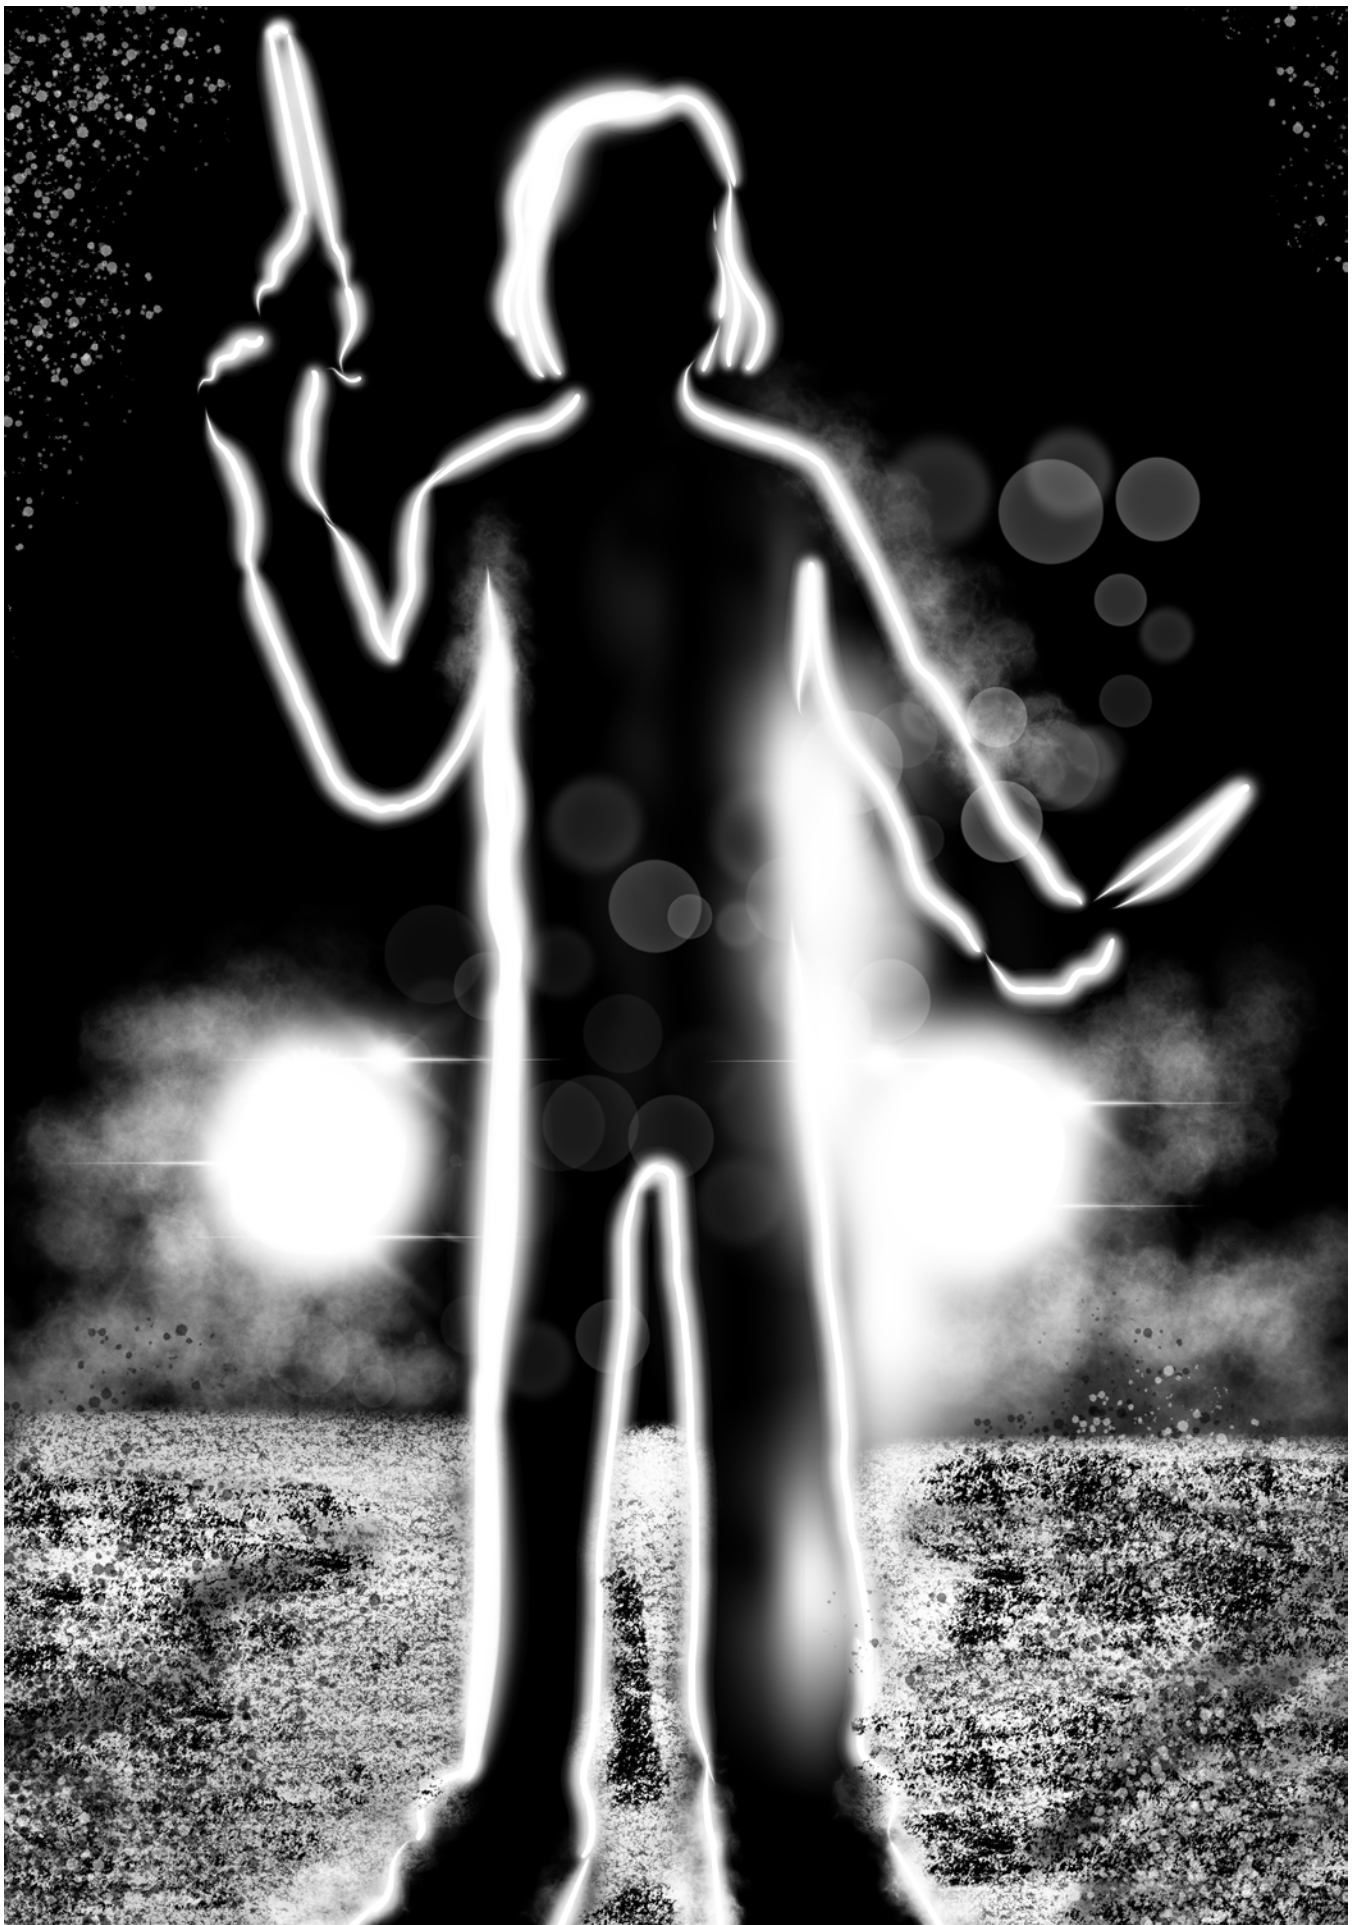

Tex, Susan, Patricia and Linda were about to ignite the war.
